

At Hacton Primary School we are committed to providing all children with excellent sporting provision. With the support of additional Government funding through the Primary School 'Sports Grant', we aim to further increase participation in physical activity in school by making more sports accessible to students and by delivering sporting opportunities beyond the national curriculum.

How we have spent the money, and the impact seen, is listed below.

All expenditures must be evidenced in relation to the DfE's following five key indicators (KI):

- **Key indicator 1:** The engagement of all pupils in regular physical activity.
- **Key indicator 2:** The profile of Physical Education, Sport and Physical Activity (PESPA) being raised across the school as a tool for whole school improvement.
- **Key indicator 3:** Increased knowledge and skills of all staff in teaching PE and sport.
- **Key indicator 4:** Broader experience of a range of sports and activities offered to all pupils.
- **Key indicator 5:** Increased participation in competitive sport.

Academic Year 2021-2022		Amount received: £20,350	
Intention <i>School focus with clarity on intended impact</i>	Implementation <i>Actions achieved / funding allocation</i>		Impact <i>Evidence of impact on pupils including wider impact on whole school improvement</i>
